

BKBIET — Academics Knowledge Base

For Smart College Chatbot • Programs, departments, admissions, curriculum, academic rules, exams and student academic life

This document is a retrieval-oriented knowledge base compiled from publicly accessible web pages and PDFs available during the research snapshot on 24 September 2026. Official BKBIET sources are prioritized. Where an official current figure was not available, a clearly labelled secondary source is included. “Every information” is interpreted as a broad practical scrape/compilation of the publicly indexed information most useful for a college chatbot, not a guarantee that every page, historical document, image, or private portal has been exhaustively captured.

1. Institute Academic Identity

B. K. Birla Institute of Engineering & Technology (BKBIET), Pilani is an AICTE-approved engineering institute affiliated with Bikaner Technical University (BTU), Bikaner. The institute was established in 2007 by Shree Krishnarpan Charity Trust under the chairmanship of industrialist Basant Kumar Birla. The campus address listed by the institute is CEERI Road, Pilani – 333031, District Jhunjhunu, Rajasthan, India.

The institute describes its education as industry-oriented and application-driven, with emphasis on internships, industrial training, projects, entrepreneurship, career guidance and extracurricular development.

2. Current Undergraduate B.Tech Programmes and Intake

Programme	Sanctioned intake
Computer Science & Engineering (CSE)	120
Artificial Intelligence (AI)	60
Computer Science & Engineering (Data Science)	60
Electrical Engineering (EE)	60
Electronics & Communication Engineering (ECE)	60
Information Technology (IT)	60
Electronics Engineering (VLSI Design & Technology)	60

The current programme page lists seven undergraduate B.Tech programmes. The institute also lists M.Tech programmes in Computer Science & Engineering and Electronics & Communication (VLSI Design).

<https://bkbiet.ac.in/pgadmissions/>

3. Admission and Eligibility

B.Tech admission is mainly based on JEE (Main) score and follows Rajasthan Engineering Admission Process (REAP) norms. The institute's programme page lists the intake distribution as 70% Rajasthan domicile, 15% other states and 15% management/institute-level quota. Current admission information should be checked against the latest REAP/BTU rules because admission regulations can change.

The admission pages also describe lateral-entry pathways and scholarship/fee-waiver routes such as TFWS, PMSSS and AICTE scholarship schemes.

4. Department Knowledge

Department / programme	Academic focus
CSE	Programming, algorithms, software engineering, OS, databases, networks, AI/ML, cloud, cybersecurity and e
Artificial Intelligence	AI fundamentals, machine learning, deep learning, computer vision, NLP, robotics, intelligent systems and au
CSE (Data Science)	Statistics, applied mathematics, AI/ML, data processing, analytics and extracting actionable insights from lar
ECE	Digital/analog design, VLSI, FPGA, IoT, embedded systems, wireless communication, microwave devices, AI/M
VLSI Design & Technology	Semiconductor/VLSI-oriented electronics, research, advanced laboratories and industry collaboration.
Electrical Engineering	Power generation/transmission/distribution, machines, power electronics, control, renewable energy, smart/m
Information Technology	Industrial IT skills, networking, systems, databases, cloud, information security, innovation and entrepreneur
Mechanical Engineering	Design, manufacturing, maintenance, thermodynamics, mechanics, mechatronics, IIoT, additive manufactur
Applied Science & Humanities	Foundation subjects including mathematics, physics, chemistry, communication/English and related interdis

5. Curriculum / Course Information

BKBIET publishes BTU-linked course and examination material. The public exam-paper portal organizes papers by odd/even semesters I–VIII and by branch. Examples found in the public curriculum documents include:

Semester / branch	Example course information found
III B.Tech AI	Introduction to Artificial Intelligence; topics include intelligent agents, problem solving, BFS/DFS, heuristic search
VI B.Tech AI	Machine Learning and its Applications; includes neural networks, decision trees, Bayesian learning, genetic algo
VII B.Tech AI	Generative AI syllabus; includes generative models, computer vision, NLP, multimodal data and advanced gener
VII B.Tech AI	Internet of Things, Open Elective-I, Cyber Security Lab, Seminar and Industrial Training are listed in the scheme
VI B.Tech CSE	Artificial Intelligence; includes intelligent agents, search, game playing, knowledge representation and AI applic

6. Academic Rules and Student Academic Services

The current student-policy page states a minimum 75% attendance requirement in each subject and overall for end-semester examination eligibility. Attendance between 65% and 75% may be considered for condonation under prescribed conditions; below 65% is generally not condonable.

The website also exposes links/services for online study material, BTU exam papers, academic and non-academic calendars, student projects and R&D, industrial training, entrepreneurship, grievances and student feedback.

<https://bkbiet.ac.in/>

7. Academic Collaborations and Exposure

The institute publicizes collaborations/MoUs with organizations and universities including BITS Pilani, CSIR-CEERI, NITTTR Chandigarh and international universities/institutions in France and Thailand. Its placement/recruiter material also describes industrial training, internships, seminars, projects and international exposure.

<https://bkbiet.ac.in/>

<https://bkbiet.ac.in/note-from-placement-cell/>

8. Academic Clubs and Student Learning Communities

For session 2026-27, the institute lists technical/student clubs including IEEE, IETE, IE(I), E-CELL, Startup Club, GDSC, Newton School Coding Clubs, AI & ML Club and Science Club. Non-technical/student development clubs include NIRMAAN, NSS, Sports & Fitness/Gym, Literary Club, Yoga and Health Club, SWAR SANGAM and Math Club.

<https://bkbiet.ac.in/committees-2/>

9. Important Academic Caveat

Course titles, schemes, intake, faculty, fees and policies can change by academic year. For a chatbot, store the academic year and source URL with each chunk so answers can distinguish current data from historical data.
